Ways and Means Education

FISCAL NOTE

SB253 as passed the Senate could decrease net income tax receipts to the Education Trust Fund (ETF) by an undetermined amount dependent upon the amount of rebates claimed pursuant to this bill under the Entertainment Industry Incentive Act of 2009 (EIIA) for:

- 2) motion picture soundtracks and music video productions due to lowering the minimum production expenditure from \$50,000, under current law, to \$30,000.

This bill could also increase potential income tax receipts to the ETF by an undetermined amount dependent upon:

- 1) the amount of withholding taxes remitted by qualified production companies on behalf of loan-out companies to qualify for the incentives allowed pursuant to the EIIA; and
- 2) any motion picture soundtrack production expenditures in excess of \$200,000 and up to \$300,000 for which a qualified production company may otherwise have claimed a rebate for under current law.

Judiciary

FISCAL NOTE

HB486 as introduced could increase the obligations of the State General Fund for election expenses by (1) an estimated \$668,325 for poll worker compensation for each election where an advanced voting period is authorized; and (2) an undetermined amount for costs of publicizing information regarding the early voting centers.

This bill could further increase the obligations of the State General Fund to compensate the five-member of the Alabama Voting Rights Commission, created by this bill, who would be compensated at an hourly rate ranging between \$33.18 to \$75.24. Additionally, this bill establishes the Voter Education Fund to be used by the Commission into the State Treasury to fund the operations of the commission.

This bill could also increase the expenditures of the various counties, which may be reimbursed wholly or in part from the State General Fund, by an undetermined amount dependent on the number of absentee ballots requested and cast that otherwise would not have been permitted to be cast. According to the Secretary of State's office, approximately 126,055 absentee ballots were cast in the 2024 General Election.

Lastly, this bill could further increase the administrative obligations of the Secretary of State's office by an undetermined amount to establish a database to assist in the administration of elections and to publicize certain information relating to voting.
