8 SYNOPSIS: This bill would provide that a physician is
9 not required to make a determination of the
10 probable post-fertilization age of an unborn child
11 prior to any procedure other than an abortion.

12 This bill would specify that the reporting
13 requirements for reporting fetal deaths and
14 pregnancy terminations shall be construed to
15 require a report of the probable post-fertilization
16 age only for abortion procedures.

17 This bill would also provide that the term
18 "abortion," when used in the Code of Alabama 1975,
19 or in the Alabama Administrative Code, shall not be
20 construed to include any procedure to terminate an
21 ectopic pregnancy, unless the statutory provision
22 or rule expressly states that it is intended to
23 apply to an ectopic pregnancy
