8 SYNOPSIS: Under existing law, it is a crime to install  
9 or place a device in a private place with knowledge  
10 that it is to be used for eavesdropping without  
11 permission. Also under existing law, it is a crime  
12 to possess, manufacture, send, or transport any  
13 device designed or commonly used for eavesdropping.

14 This bill would expand the crimes of  
15 installing eavesdropping devices and possession of  
16 eavesdropping devices to include the use of an  
17 eavesdropping device to access or intercept  
18 communications on a personal telecommunication  
19 device such as a cell phone.

20 Amendment 621 of the Constitution of Alabama  
21 of 1901, now appearing as Section 111.05 of the  
22 Official Recompilation of the Constitution of  
23 Alabama of 1901, as amended, prohibits a general  
24 law whose purpose or effect would be to require a  
25 new or increased expenditure of local funds from  
26 becoming effective with regard to a local  
27 governmental entity without enactment by a 2/3 vote

1           unless: it comes within one of a number of  
2           specified exceptions; it is approved by the  
3           affected entity; or the Legislature appropriates  
4           funds, or provides a local source of revenue, to  
5           the entity for the purpose.

6           The purpose or effect of this bill would be  
7           to require a new or increased expenditure of local  
8           funds within the meaning of the amendment. However,  
9           the bill does not require approval of a local  
10          governmental entity or enactment by a 2/3 vote to  
11          become effective because it comes within one of the  
12          specified exceptions contained in the amendment.

14                                    A BILL  
15                                    TO BE ENTITLED

19          and 13A-11-34, Code of Alabama 1975, relating to eavesdropping  
20          devices; to expand the crimes of installing eavesdropping  
21          devices and criminal possession of an eavesdropping device to  
22          include certain unauthorized access to communications on  
23          personal telecommunication devices; and in connection  
24          therewith would have as its purpose or effect the requirement  
25          of a new or increased expenditure of local funds within the  
26          meaning of Amendment 621 of the Constitution of Alabama of  
27          1901, now appearing as Section 111.05 of the Official
