However, nothing in this chapter shall be construed to limit the authority of the Alabama Department of Public Health to regulate wastes containing radioactive materials under Chapter 14 of this title.

"(b) In exercising such exclusive authority, the department shall provide sufficient personnel with training in

1 hazardous waste management and a minimum of a bachelor's  
2 degree in the sciences or engineering to comprehensively  
3 monitor all commercial sites for the disposal of hazardous  
4 wastes. Such personnel shall be hired by the director and  
5 shall be members of the department's staff.

6 "(1) For the purposes of this section, a commercial  
7 site for the disposal of hazardous waste is defined as one  
8 receiving hazardous waste not generated on site for disposal  
9 and to which a fee is paid for such disposal.

10 "(2) Said personnel shall primarily be responsible  
11 for the monitoring of landfill and disposal programs at such  
12 sites, but their responsibilities shall include the monitoring  
13 and inspection of all activities related to such on site  
14 programs whether on site or off site. These responsibilities  
15 shall include but not be limited to monitoring of  
16 transportation near the site, monitoring of testing  
17 procedures, monitoring of the unloading of wastes, monitoring  
18 of waste storage, monitoring of waste disposal and monitoring  
19 of on site and off site areas of known or suspected  
20 contamination.

21 "(3) To finance such monitoring operations, there is  
22 hereby levied on the operators of such sites a fee of \$1.00  
23 per ton on all waste received for disposal at such sites which  
24 fee shall be payable to the department by certified or cashier

3 above those necessary to adequately provide for such  
4 monitoring operations may be used by the department for  
5 general operation.

6 "(c) The director, or any employee of the department  
7 designated by the director, may administer oaths to witnesses  
8 and may conduct hearings and investigations, and the director  
9 may sign and issue subpoenas requiring persons to appear  
10 before him, the department or any employee of the department  
11 designated by the director to give testimony or produce  
12 papers, books, accounts, payrolls, documents (including  
13 writings, drawings, graphs, charts, photographs, electronic  
14 readings and other data compilations from which information  
15 can be obtained, translated, if necessary, by the person  
16 subpoenaed, through detection devices into reasonably usable  
17 form), records or tangible things and the department through  
18 its designated employees, shall have the power to serve said  
19 subpoenas upon such person either personally or by sending a  
20 copy of such subpoena through the United States mail, postage  
21 prepaid, which said mail shall be registered or certified with  
22 return receipt attached, such service being complete when said  
23 registered or certified mail shall be delivered to said person  
24 and such receipt returned to the department, or its designated  
25 employee, signed by the person sought to be subpoenaed.

1 Obedience to a subpoena issued by the director may be enforced  
2 by application to any judge of the circuit court of the county  
3 in which said subpoena was issued or to the judge of any  
4 circuit court in which such person subpoenaed resides in the  
5 same manner as is provided by law for the grand jury of a  
6 county to enforce its subpoenas and with the same penalty as  
7 provided therefor for the failure of any person failing or  
8 refusing to comply with such subpoena. The fees of witnesses  
9 for attendance and travel shall be the same as fees of  
10 witnesses before courts of record and shall be paid from the  
11 funds of the board.
