8 SYNOPSIS: Under existing law, tinted windows on a  
9 motor vehicle must meet certain specifications  
10 unless the owner or passenger of the motor vehicle  
11 has obtained an exemption from the Alabama State  
12 Law Enforcement Agency.

13 This bill would provide that an exemption on  
14 behalf of a patient diagnosed with a  
15 light-sensitive porphyria would apply to all areas  
16 of the windshield and windows prescribed by the  
17 physician. This bill would require ALEA to design a  
18 decal to be placed on the windshield of any motor  
19 vehicle operated by a person receiving an exemption  
20 and charge a fee for each decal issued.
