25 Alabama 1975, relating to motor vehicle distinctive license

2 organization at the time of registration of certain
3 distinctive license plates; to provide that the sponsoring
4 organization be prohibited from the resale or disclosure of
5 the information; to update the membership references on the
6 Legislative Oversight Committee on license tags and plates.

7 BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:

8 Section 1. Section 32-6-64, Code of Alabama 1975, is
9 hereby amended as follows:

10 "§32-6-64.

11 "(a) (1) The design of license plates, including all
12 emblems, slogans, symbols, or characters appearing on the
13 plates, shall be by rule as promulgated by the Commissioner of
14 Revenue, and as otherwise specified by law. The face of the
15 license plate to be displayed shall be fully treated with a
16 reflective material which will increase the nighttime
17 visibility and legibility of the plate.

18 "(2) Characters on the license plate which designate
19 the county of issuance shall be numeric, and all numerals on
20 the license plates shall be no smaller than two and
21 three-fourths inches in height. The following numbering scheme
22 shall be used:

23 "a. Jefferson County, 1; Mobile County, 2;
24 Montgomery County, 3.

25 "b. All other counties shall be ranked
26 alphabetically and assigned consecutive numbers beginning with
27 4 and concluding with 67.

1 "c. The Department of Revenue shall be responsible
2 for the numbering of distinctive license plates and shall
3 establish a system to minimize duplication of license plate
4 numbers. License plates that shall be approved for manufacture
5 under subsection (b) shall be numbered or personalized.

6 "(b) The sponsoring organization of any new or
7 reissued distinctive license plate that is not of a college or
8 university or a military category shall assure a minimum
9 quantity of 250 registrations in order for the proposed plate
10 to qualify for production consideration by the legislative
11 oversight committee under the provisions of Section 32-6-67.

12 "(1) The procedure to assure the quantity minimum
13 for a distinctive license plate shall be as follows:

14 "a. The sponsoring organization shall apply to the
15 Department of Revenue for approval for the proposed
16 distinctive license plate from the legislative oversight
17 committee. At the time of application, the sponsoring
18 organization shall submit a design for the plate or logo for
19 the quantity class being applied for as described below:

20 "1. Quantity Class 1 (250 to 999 registrations). A
21 new distinctive license plate category, or an existing
22 distinctive license plate to be reissued, in which
23 registrations are estimated to be at least 250, but less than
24 1,000, shall be in conformity with the design approved by the
25 legislative oversight committee for license plates in this
26 quantity class. This plate shall include a space designated on
27 the left side of the license plate, not exceeding two and

1 one-half inches in width and height, in which an appropriate
2 emblem, slogan, or logo design may be applied to represent the
3 organization for whom the distinctive license plate is issued.
4 Each proposed emblem, slogan, symbol, or logo shall be subject
5 to the approval of the legislative oversight committee.

6 "2. Quantity Class 2 (1,000 or greater
7 registrations). This quantity class may use the logo system
8 described for Quantity Class 1, or may use a unique design for
9 the entire plate which is approved by the legislative
10 oversight committee and meets all other design and manufacture
11 requirements of Alabama law.

12 "b. After the legislative oversight committee
13 approval and notification to the Department of Revenue, the
14 department shall also coordinate with the Comptroller to
15 establish funding procedures for deposit and maintaining
16 monies held pending issuance of the new category of license
17 plates.

18 "c. Each person desiring to register a vehicle in
19 the new category shall make application and shall remit, as a
20 commitment to purchase, the additional fee associated with the
21 license plate category in a manner as prescribed by rule of
22 the Commissioner of Revenue. Any credit card processing fee
23 associated with the transaction shall be paid by the person
24 making the commitment to purchase the distinctive license
25 plate and shall be nonrefundable.

26 "d. The Department of Revenue shall deduct from the
27 additional fee and retain a two and one-half percent

1 commission. The balance shall be forwarded to the Comptroller
2 to be retained in escrow, until such time as the revenue
3 received is equal to or greater than the minimum amount
4 required to issue license plates in that category. If, after
5 one year from the date of notification of approval by the
6 legislative oversight committee, the number of subscribers for
7 a category fails to reach 250 for Quantity Class 1, or fails
8 to reach 1,000 for Quantity Class 2, the Comptroller shall pay
9 the money in escrow to the sponsoring organization and no
10 further consideration for production of this proposed
11 distinctive plate shall be made under this application. In
12 addition, the sponsoring organization may not submit another
13 application for a distinctive license plate for a period of
14 one year from the date the commitment to purchase period
15 ended.

16 "e. Upon determination by the Department of Revenue
17 that a sufficient number of applications for a plate category
18 has been received, the department shall initiate the ordering
19 processes for design and manufacture of the approved license
20 plate. At that time, the Comptroller shall pay out of the
21 escrow account the amounts referred to in Section 32-6-68.

22 "(2) Notwithstanding any other provisions to the
23 contrary, except where specifically provided by this
24 subsection, no series of distinctive license plates shall be
25 reissued unless the following requirements are met:

1 "a. For Quantity Class 1 distinctive license plates,
2 there shall have been issued in the prior license year a
3 minimum of 250 license plates.

4 "b. For Quantity Class 2 distinctive license plates,
5 there shall have been issued in the prior license year a
6 minimum of 1,000 license plates.

7 "(3) The use of distinctive license plate categories
8 shall be limited to use on passenger cars, pick-up trucks, and
9 self-propelled campers or house cars.

10 "(c) (1) The Department of Corrections is directed to
11 supply all license plates and revalidation devices required
12 under this subdivision. The amounts charged by the Department
13 of Corrections for the manufacture of revalidation devices
14 shall not be less than that charged for the manufacture of
15 license plates on a per item basis.

16 "(2) The Department of Corrections shall maintain an
17 accurate system of record-keeping which shall trace and
18 account for the handling and distribution of each plate and
19 revalidation device throughout the manufacturing process until
20 the items are distributed to each county.

21 "(d) After the five-year license plate has been in
22 use for a period of three years the Department of Corrections
23 may manufacture all subsequent license plates for the
24 remaining two years of the period from a metal of less
25 durability and quality than the metal used in manufacturing
26 the five-year license plates.

1 "(e) (1) The department shall provide the owner or
2 owners of a motor vehicle who register a license plate
3 provided in this subsection the ability to opt-in to authorize
4 the release of certain personal information or to opt-out to
5 restrict the release of certain personal information by the
6 department to the sponsoring organization, college, or
7 university. The license plates that shall be subject to the
8 opt-in and opt-out provisions are as follows:

9 "a. A distinctive license plate issued pursuant to
10 this section.

11 "b. A collegiate or university distinctive license
12 plate issued pursuant to Section 32-6-150.

13 "c. Other distinctive license plates as authorized
14 by the Legislative Oversight Committee.

15 "(2) Each owner of the motor vehicle may designate
16 his or her consent through the opt-in authorization to release
17 certain personal information included within a motor vehicle
18 registration record to the sponsoring organization, college,
19 or university. The opt-in authorization shall be made at the
20 time of initial registration through the licensing official
21 for a license plate as specified in subsection (e) (1).

22 Subsequent opt-in authorizations shall be made directly to the
23 department. As used herein, the term "personal information"
24 includes only the following information:

25 "a. Owner name.

26 "b. Owner address.

27 "c. Owner email address, if applicable.

1 "(3) Each owner of the motor vehicle may restrict
2 the release of personal information included within a motor
3 vehicle registration record for a license plate as specified
4 in subsection (e) (1) to the sponsoring organization, college,
5 or university by selecting to opt-out. The opt-out selection
6 shall be made directly to the department.

7 "(4) The subsequent opt-in authorization provided in
8 subsection (e) (2) and opt-out selection provided in subsection
9 (e) (3) shall be made in a manner as prescribed by the
10 department.

11 "(5) The sponsoring organization of the distinctive
12 license plate or each college or university for which a
13 distinctive license plate has been issued can make an annual
14 request to the Department for the listing of the owner
15 authorized opt-in disclosures. The sponsoring organization in
16 receipt of the listing shall be prohibited from the resale or
17 disclosure of the information to third parties without written
18 consent from the owner to whom the information pertains."
