8 SYNOPSIS: Under existing law, it is unlawful to write,
9 send, or read a text-based communication using a
10 wireless telecommunications device while operating
11 a motor vehicle on a public road, street, or
12 highway, subject to certain penalties.

13 This bill would prohibit the use of a
14 wireless telecommunications device or other
15 stand-alone electronic device while operating a
16 motor vehicle and holding the device and would
17 provide penalties.

18 Amendment 621 of the Constitution of Alabama
19 of 1901, now appearing as Section 111.05 of the
20 Official Recompilation of the Constitution of
21 Alabama of 1901, as amended, prohibits a general
22 law whose purpose or effect would be to require a
23 new or increased expenditure of local funds from
24 becoming effective with regard to a local
25 governmental entity without enactment by a 2/3 vote
26 unless: it comes within one of a number of
27 specified exceptions; it is approved by the

1 affected entity; or the Legislature appropriates
2 funds, or provides a local source of revenue, to
3 the entity for the purpose.

4 The purpose or effect of this bill would be
5 to require a new or increased expenditure of local
6 funds within the meaning of the amendment. However,
7 the bill does not require approval of a local
8 governmental entity or enactment by a 2/3 vote to
9 become effective because it comes within one of the
10 specified exceptions contained in the amendment.

20 road, street, or highway; to provide exceptions; to provide

22 purpose or effect the requirement of a new or increased
23 expenditure of local funds within the meaning of Amendment 621
