

1 SB202

5 First Read: 09-FEB-21

SYNOPSIS: Under existing law, an applicant for a license to practice pharmacy must submit two notarized photographs of himself or herself with the application.

This bill would no longer require a license applicant to submit photographs with the application.

This bill would clarify that the examination for licensure is administered by the National Association of Boards of Pharmacy.

This bill would also provide that the Alabama State Board of Pharmacy shall establish by board rule requirements for continuing education.
