8 On page 44, after line 13, insert a new subsection
9 (d) as follows:

10 "(d) The board may maintain a statewide database of
11 preneed contracts reported to the board pursuant to subsection
12 (a). The board may make information in this database
13 searchable by the public by means of unique identifiers, or
14 any other means, that the board determines respects the
15 privacy of those involved while also protecting consumers from
16 financial waste by allowing families to determine if a
17 deceased loved one has an existing preneed contract. Any
18 preneed consumer who does not wish for his or her information
19 to appear in this searchable database may opt out by following
20 a process established by the board.
