

FISCAL NOTE

House Bill 366

Committee: Veterans and Military Affairs

Sponsor: Representative Kenneth Paschal

Analyst: Jennifer Farish

Date: 05/26/2023

House Bill 366 as passed the House of Representatives would add the U.S. Marine Corps and the U.S. Space Force to the list of service branches for which an active or retired member may be issued a military distinctive license plate.

This bill would reduce receipts to the Department of Alabama Marine Corps League by an estimated \$108,000 annually, based on Fiscal Year 2022 data, by repealing the statute relating to the issuance of U.S. Marine Corps distinctive license plates and the associated additional \$25 fee for issuance to retired and honorably discharged Marines.
