**House Bill 175** as passed the House of Representatives would increase the obligations of the Education Trust Fund by an estimated \$546 million for fiscal year 2023 by providing a one-time refundable income tax credit check to certain qualified individual income taxpayers to partially offset the amount of sales tax paid on groceries in an amount equal to: (1) \$210 for taxpayers that are married filing separate, head of family, or single; or (2) \$420 for taxpayers that are married filing jointly. This bill provides that this tax credit shall not constitute taxable income for Alabama income tax purposes.

Further, this bill requires the Department of Revenue to electronically deposit the income tax credit into the bank account of the qualified taxpayers based on the information indicated from their return submitted for the taxable year that began January 1, 2021, and would increase the administrative obligations of the Department by an estimated \$230,000 to mail tax credit checks to taxpayers that the Department does not have bank account information for, no sooner than November 30, 2023.
