### **REVISED**

**Senate Bill 45** as introduced increases the salary amount paid to members of a county board of registrars for each day's attendance on board business from \$80 per day to \$100 per day, which will increase the obligations of the State General Fund by an estimated maximum of \$806,000 for the increased salary expenses.

In addition, this bill could increase the obligations of the county general funds by an undetermined amount dependent upon the number of county board of registrar members electing to participate in any county provided health insurance program.
