House Bill 176 as introduced would increase the obligations of the Alabama Department of Transportation (ALDOT) (1) in Fiscal Year 2025 by \$600,000 to develop a statewide plan regarding aviation technology infrastructure and \$400,000 for a statewide education campaign regarding aviation technology advancements; and (2) annually thereafter by an undetermined amount dependent on the compensation of additional personnel hired pursuant to the requirements of this bill. However, these obligations may be offset, in whole or in part, by funding from ALDOT's Specific Service Signing Program (LOGO).
