**House Bill 362** as introduced could increase the administrative obligations of municipal courts, beginning in Fiscal Year 2025, to report driving under the influence (DUI) convictions to the Alabama Law Enforcement Agency within five days.

Further, this bill could reduce revenues to municipalities and/or municipal courts by an undetermined amount dependent upon the amount of fees and fines collected by the court or municipality that would otherwise have remained in the court or municipality, but would be forfeited by the municipal court or municipality for failure to comply with the DUI reporting requirements provided by this bill.
