

FISCAL NOTE

House Bill 253

Committee: Ports, Waterways & Intermodal Transit Sponsor: Representative Chip Brown

Analyst: Jennifer Farish

Date: 03/06/2024

House Bill 253 as reported by the Committee on Ports, Waterways & Intermodal Transit could increase or decrease the obligations of the State Port Authority by an undetermined amount, beginning in Fiscal Year 2025, dependent on the difference in: (1) the compensation of any non-merit employees hired pursuant to this bill; and (2) the compensation otherwise provided to merit employees under current law.

This bill would also codify the current practice of the Authority to require it to pay the State Employees Insurance Fund employer contributions.
