House Bill 181

Committee: Ports, Waterways, and Intermodal Transit Sponsor: Representative Craig Lipscomb

Analyst: Mathieu Fuller

Date: 02/20/2024

House Bill 181 as introduced would create the 17-member Alabama Waters Task Force which could increase the obligations of the respective appointing authorities by an estimated \$164 per member per meeting, for reimbursement of actual expenses associated with attending meetings. This bill could also increase the administrative obligations of the Department of Conservation and Natural Resources and the Alabama Department of Environmental Management to provide the necessary staff and support for the task force.
