House Bill 103 as passed the House of Representatives would codify the current practice of the Alabama Department of Veterans Affairs of employing an executive director for the Alabama State Veterans Home program, as well as an on-site director for each state veterans home.

Additionally, this bill could increase the obligations of the department, beginning in Fiscal Year 2025, by an undetermined amount dependent on the difference in: (1) the current per diem paid to board members, set by statute at \$25 per day; and (2) the per diem set by the board, pursuant to this bill.
