FISCAL NOTE

House Bill 182

Committee: County & Municipal Government Sponsor: Representative Craig Lipscomb

Analyst: Peter Grogan Date: 04/10/2024

House Bill 182 as passed the House of Representatives could increase receipts to the State General Fund and municipal general funds from fines; increase receipts to the State General Fund, county general funds, municipal general funds, and other funds to which court costs are deposited; and could increase the obligations of the State General Fund, local jails, the district attorneys, the Department of Corrections, the Board of Pardons and Paroles, and community corrections programs by an undetermined amount dependent upon the number of persons charged with and convicted of the offenses provided by this bill and the penalties imposed.

In addition, this bill could increase the administrative obligations of local law enforcement agencies to implement the provisions of this bill regarding removal of individuals from certain places, which could be offset, in whole or partly, by the increase in receipts to local law enforcement agencies by the collection of a fee of up to $50 per affidavit processed pursuant to the provisions of this bill.
