Senate Bill 25

Committee: Boards, Agencies, and
Commissions

Sponsor: Senator April Weaver

Analyst: Tiffany Weaver

Date: 03/05/2024

Senate Bill 25 as passed the Senate could increase the obligations of the Board of Nursing by a small, undetermined amount dependent on the cost for the board to adopt rules providing for the scope of practice and issuance of permits to certified nursing support technicians (NST). This increase in obligations would be offset, in total or in part, by the collection of NST permit fees, in an amount set by the board. Based on the estimated number of eligible NSTs in the state, and assuming a biennial permit fee of \$50, this bill would increase receipts of the board by an estimated maximum of \$300,000 annually.
