**Senate Bill 27** as introduced would, beginning in fiscal year 2025, expand the list of additional items that constitute election expenses that would be reimbursable to counties, which would increase the obligations of the State General Fund by an undetermined amount dependent on the extent to which counties currently: (1) use electronic poll books and electronic voting machines and, at a minimum, are required to provide maintenance and update equipment and software; (2) pay costs to rent facilities as polling places; and (3) provide training and associated travel expenses for absentee election managers.
