4	SYNOPSIS:
5	Under existing law, the plaintiff in an action
6	for damages from asbestos exposure is required to
7	provide the defendant with certain information.
8	This bill would require a plaintiff to specify
9	the basis for each claim against each defendant and
10	provide additional, more detailed information relating
11	to the asbestos exposure, including current and past
12	worksites and each individual who is knowledgeable
13	regarding the exposures.
14	This bill would allow a defendant in an asbestos
15	action to be dismissed from the action if not
16	identified as required.
17	This bill would also stay discovery in an
18	asbestos action until the required disclosures have
19	been made.
