4 SYNOPSIS:

> Existing law does not explicitly authorize local 911 districts to pool their resources with one another by jointly exercising powers or providing services.

> This bill would recognize the authority of local 911 districts to contract with one another to jointly exercise powers and services that each district may lawfully exercise on an individual basis.

This bill would further provide minimum requirements to be followed by district boards when entering into a contract with another district and would also provide minimum requirements for the joint exercise contracts.

This bill would delete duplicative language and would also make nonsubstantive, technical revisions to update the existing code language to current style.
