SYNOPSIS:

Under existing law, a nonresident whose home state or country does not require boater safety certification or the licensing of vessel operators may operate a vessel on the waters of this state without a boater safety certification for a period of not more than 45 days in any calendar year.

Also under existing law, a person of whom boater safety certification is required who operates a vessel without the required boater safety certification is guilty of a boating violation.

This bill would require all nonresidents to procure a boater safety certification in their home state or country or procure a Nonresident Alabama Boater Safety Certification prior to operating a vessel on the waters of this state, except under certain conditions.

Section 111.05 of the Constitution of Alabama of 2022, prohibits a general law whose purpose or effect would be to require a new or increased expenditure of local funds from becoming effective with regard to a local governmental entity without enactment by a 2/3 vote unless: it comes within one of a number of specified exceptions; it is approved by the affected entity; or the Legislature appropriates funds, or

29 provides a local source of revenue, to the entity for
30 the purpose.

31 The purpose or effect of this bill would be to
32 require a new or increased expenditure of local funds
33 within the meaning of the section. However, the bill
34 does not require approval of a local governmental
35 entity or enactment by a 2/3 vote to become effective
36 because it comes within one of the specified exceptions
37 contained in the section.
