

FISCAL NOTE

House Bill 266

Committee: Education Policy

Sponsor: Representative Matt Woods

Analyst: John Friedenreich

Date: 02/17/2025

House Bill 266 as introduced would create the Restoring Educational Advancement of Completing High School (REACH) Act, which would codify and expand the current practice of the Alabama Community College System (ACCS), Adult Education Division, to offer a nontraditional high school diploma to students who have dropped out of high school and are at least 17 years old.

Additionally, this bill will increase the administrative obligations of ACCS, the State Board of Education, and the Alabama Law Enforcement Agency to adopt rules pursuant to the provisions of this bill.
