House Bill 335 (Act 2025-398) as enacted could increase receipts to the Alabama Construction Trade Academy Fund by an undetermined amount dependent upon the amount of additional residential building permit fees of up to \$20 levied by certain local governments, as provided by this act. This act would also provide further for the award and administration of grants from the Fund by the Alabama Home Builders Licensure Board.

According to 2024 preliminary data from the Census Bureau, there were 17,690 building permits for new privately owned housing units in Alabama.
