

FISCAL NOTE

House Bill 606

Committee: Transportation, Utilities and
Infrastructure

Sponsor: Representative Chris Blackshear

Analyst: Jennifer Farish

Date: 04/29/2025

House Bill 606 as introduced would increase the obligations of the Alabama Department of Transportation (ALDOT) paid from the Public Road and Bridge Fund by an undetermined amount dependent on the costs of relocating certain utility facilities, which are owned by utilities with \$250 million or less in gross annual income, due to non-interstate highway projects.

This bill would also prohibit ALDOT from assessing fees for the use or placement of utilities on any state right-of-way. Per ALDOT, no such fees are currently assessed.
