

FISCAL NOTE

House Bill 92

Committee: Ports, Waterways & Intermodal Transit

Sponsor: Representative Chip Brown

Analyst: John Friedenreich

Date: 02/12/2025

House Bill 92 as reported by the Committee on Ports, Waterways & Intermodal Transit would increase the obligations of the Dauphin Island Sea Lab by an undetermined amount to provide administrative support to the Alabama Seagrass Restoration Task Force created by this bill. These obligations may be offset in part or in whole by the retention of funds appropriated for administrative costs expended by the sea lab pursuant to the provisions of this bill.
