### Senate Bill 137

Committee: State Governmental Affairs

Sponsor: Senator J.T. 'Jabo' Waggoner

Analyst: Jennifer Farish

Date: 02/18/2025

---

**Senate Bill 137** as introduced would increase the obligations of the Public Service Commission by an undetermined amount dependent on the cost to regulate certain private sewer or wastewater systems that elect to come under the jurisdiction of the commission. These obligations could be offset, in whole or in part, by the collection of certain existing regulatory fees.
