**House Bill 264** as passed the House of Representatives would increase receipts to the State Water Safety Fund by an estimated \$794,000 from the additional \$15 fee assessed for failure to properly register or renew registration for a vessel on time. This bill would also combine: (1) the existing vessel registration fees that are based on length; and (2) the existing additional \$5 registration fee deposited into the State Reservoir Management Grant Fund into a single fee.
