 verify his or her age using a third-party age verification

 service approved by the board. The age verification service

- shall require the presentation and electronic scanning of the patron's driver license or nondriver identification card as a condition of entry into the retail establishment.
- 1012 (e) Any person who violates this section shall be
 1013 punished as provided in Section 28-11-9(e).
- 1014 \$28-11-17.2
- 1015 (a) (1) The Legislature finds and declares the 1016 following:
- a. Electronic nicotine delivery systems, commonly

 called electronic cigarettes or e-cigarettes, or simply

 "vapes," are battery-powered devices that use a heating

 mechanism to vaporize a mixture containing nicotine or other

 chemicals with the intent that the vapor be inhaled.
- 1022 b. E-cigarettes are inherently harmful. The main 1023 ingredient, nicotine, is highly addictive, and the amounts of nicotine are largely unregulated. A single e-cigarette can 1024 1025 have as much nicotine as hundreds of traditional cigarettes. 1026 Scientific studies have shown that the most commonly used 1027 organic solvent of e-cigarette oil, propylene glycol, has been 1028 shown to form carcinogens including formaldehyde when 1029 oxidized. The components of e-cigarettes contain varying 1030 amounts of carcinogenic metals, the most common of which are 1031 chromium, nickel, and aluminum which, when heated, can be 1032 released into the device and enter the user's body.
- 1033 c. E-liquids manufactured in foreign countries are
 1034 notorious for being manufactured with pesticide-grade
 1035 nicotine, industrial propylene glycol, and other chemicals
 1036 highly harmful chemicals to the human body. There have been

- many reports of these foreign products being fraudulently labeled to bypass customs enforcement and regulators.
- d. There are thousands of different types of
 e-cigarettes and varying e-liquids sold in the United States
 today, but only an extremely small fraction of this amount has
 actually received approval from the federal Food and Drug
 Administration.
- e. The FDA has largely been silent in its role as industry regulator, and has not acted to remove unlawful vaping products from the shelves of retailers, nor has it acted to properly approve or disapprove vaping products for retail sale in the United States.
- (2) Based on the foregoing, the Legislature declares
 that the health, safety, and welfare of the residents of the
 State of Alabama requires that until the FDA begins to
 effectively regulate vaping products in the United States,
 this state must restrict and prohibit the sale of foreign
 vaping products.
- (b) Beginning October 1, 2025, no e-liquid, electronic nicotine delivery system, or alternative nicotine product may be added to the Electronic Nicotine Delivery System (ENDS)

 Directory maintained by the Department of Revenue pursuant to Section 28-11-17.1 unless either of the following apply:
- 1060 (1) The product and its components are made, packaged, 1061 labeled, and manufactured in the United States.
- 1062 (2) The manufacturer of the product has received a

 1063 marketing order or other authorization under 21 U.S.C. §

 1064 387j(c)(1)(A)(i) authorizing the product to be introduced or

- 1065 delivered for introduction into interstate commerce.
- 1066 (c) The Department of Revenue may require a

 1067 manufacturer, wholesaler, or distributor of an e-liquid,

 1068 electronic nicotine delivery system, or alternative nicotine

 1069 product to certify under penalty of perjury that its products

 1070 are in compliance with subdivision (b) (1).

Section 3. (a) On or before September 1, 2025, the

State Board of Education shall adopt a model policy for the

establishment of a vape awareness, education, and prevention

program to prohibit the possession and use of prohibited

tobacco, tobacco products, electronic nicotine delivery

systems, e-liquids, and alternative nicotine products by

students in public K-12 schools.

- 1078 (b) On or before November 1, 2025, each local board of education shall adopt a policy that, at a minimum, contains the criteria established in the model policy adopted by the State Board of Education.
- 1082 (c) The model policy adopted by the State Board of
 1083 Education, at a minimum, shall contain all of the following:
- (1) A statement prohibiting the possession or use of tobacco, tobacco products, electronic nicotine delivery systems, e-liquids, and alternative nicotine products, as those terms are defined under Section 28-11-2, Code of Alabama 1975, by any student at a public K-12 school, on a school bus, or at any school-sponsored function.
- 1090 (2) A series of graduated consequences for any student
 1091 who violates the policy by possessing or using tobacco,
 1092 tobacco products, electronic nicotine delivery systems,

1093 e-liquids, or alternative nicotine products as prohibited by 1094 this section. Graduated consequences may include, but are not 1095 limited to: (i) Notification of the student's parent or 1096 quardian; (ii) required participation in a vaping awareness, 1097 education, and prevention class; (iii) in-school suspension, 1098 out-of-school suspension, or alternative school; (iv) referral 1099 of the matter to the juvenile court for disposition pursuant 1100 to Section 28-11-13(d), Code of Alabama 1975; or (v) any combination of the foregoing. Graduated consequences shall 1101 conform with applicable disability, antidiscrimination, and 1102 1103 education laws and school discipline policies.

(3) A model complaint form and procedure for reporting violations of this section. An anonymous report may not be the basis of imposing formal disciplinary action against a student.

1104

1105

1106

- 1108 (4) A procedure for the prompt investigation of reports
 1109 of serious violations and complaints, specifying that the
 1110 principal, assistant principal, or school resource officer is
 1111 the individual responsible for the investigation.
- 1112 (5) A response procedure for a school to follow upon 1113 confirmation of the possession or use of tobacco, tobacco 1114 products, electronic nicotine delivery systems, e-liquids, or 1115 alternative nicotine products as prohibited by this section.
- 1116 (6) A procedure for publicizing local school board

 1117 policy through publication in the student handbook, including

 1118 providing notice that the policy applies to behavior occurring

 1119 on school property, school buses, and at school-sponsored

 1120 functions.

1121 (7) A statement prohibiting the use of tobacco, tobacco 1122 products, electronic nicotine delivery systems, e-liquids, and 1123 alternative nicotine products, as those terms are defined 1124 under Section 28-11-2, Code of Alabama 1975, by any teacher, 1125 administrator, or other school employee on the campus of any

1126

public K-12 school.

- 1127 (d) The State Department of Education shall coordinate 1128 with the Drug Education Council to develop a vaping awareness, education, and prevention class based on curriculum 1129 established by the Drug Education Council. The content of the 1130 1131 class shall be approved by the State Board of Education. The department shall make the curriculum available to each local 1132 1133 board of education through the local superintendent of 1134 education.
- (e) The policy adopted by each local board of education shall be included in the code of conduct policy of the local board of education and included in the student handbook.
- Section 4. The Alcoholic Beverage Control Board shall adopt rules to implement and administer Chapter 11 of Title 28, Code of Alabama 1975.
- Section 5. Section 28-11-15, Code of Alabama 1975, relating to the posting of signs regarding the sale of tobacco and tobacco products, is repealed.
- Section 6. Section 28-11-19, Code of Alabama 1975, relating to limitation on locations of specialty retailers of electronic nicotine delivery systems, is repealed.
- Section 7. This act shall become effective on June 1, 1148 2025.
