SYNOPSIS:

This bill would require the State Board of Education to develop a cyber safety education program focusing on Internet safety, cyberbullying, and sexting.

This bill would require the program to be annually presented by school resource officers to each public middle school and high school.

This bill would provide parameters for the curriculum of the program and the training of instructors.

This bill would also require the state board to adopt appropriate rules and local boards of education to implement the program.

A BILL  
TO BE ENTITLED  
AN ACT

Relating to public K-12 education; to require the State Board of Education to create a cyber safety education program; to provide parameters for the curriculum of the program and the training of instructors; and to require the state board to adopt rules and local boards of education to implement the

## SB74 INTRODUCED

29 program.

30 BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:

31 Section 1. (a) (1) The State Board of Education shall  
32 develop a cyber safety education program focusing on the  
33 hazards of the Internet, cyberbullying, and sexting, and  
34 providing tips for safe Internet use.

35 (2) The program shall be presented annually at each  
36 public middle school and high school.

37 (b) The program shall include, but not be limited to,  
38 the following instruction:

39 (1) Alabama laws related to Internet safety,  
40 cyberbullying, sexting, and child pornography.

41 (2) Information about the hazards and potential  
42 consequences of sexting including, but not limited to:

43 a. How digital files can be easily saved and  
44 distributed to others without the knowledge or permission of  
45 the sender;

46 b. An explanation of how images sent through messaging  
47 services that advertise disappearing pictures could still be  
48 retained without the sender's knowledge;

49 c. Mental health risks;

50 d. That images posted online may be seen years later  
51 with embarrassing or damaging consequences; and

52 e. How Alabama child pornography laws could be  
53 implicated by sexting.

54 (3) Resources available to an individual whose private  
55 information or photos are shared including, but not limited  
56 to, mental health resources, legal resources, and the National

## SB74 INTRODUCED

57 Center for Missing and Exploited Children's "Take it Down"  
58 service.

59 (4) Information about the hazards and potential  
60 consequences of cyberbullying including, but not limited to:

61 a. A discussion of how cyberbullying can impact the  
62 mental and physical health of a victim;

63 b. Resources for victims of cyberbullying;

64 c. An explanation of possible penalties of  
65 cyberbullying, including when cyberbullying could result in  
66 school discipline; and

67 d. How to report cyberbullying.

68 (5) General Internet and social media safety tips  
69 including, but not limited to, information about the risks  
70 associated with posting personal information online,  
71 interacting with unfamiliar individuals, and the use of  
72 location services.

73 (6) Any other information, advice, or resources related  
74 to cyber safety deemed relevant by the board.

75 (c) The program shall be administered by school  
76 resource officers. The board shall develop a process to train  
77 school resource officers to administer the program.

78 (d) The State Board of Education shall adopt rules to  
79 implement and administer this section. Each local board of  
80 education shall adopt policies to implement the cyber security  
81 education program.

82 Section 2. This act shall become effective on October  
83 1, 2025.
