§28-11-17.2

(a)(1) The Legislature finds and declares the following:

a. Electronic nicotine delivery systems, commonly called electronic cigarettes or e-cigarettes, or simply "vapes," are battery-powered devices that use a heating mechanism to vaporize a mixture containing nicotine or other chemicals with the intent that the vapor be inhaled.

b. E-cigarettes are inherently harmful. The main ingredient, nicotine, is highly addictive, and the amounts of nicotine are largely unregulated. A single e-cigarette can have as much nicotine as hundreds of traditional cigarettes. Scientific studies have shown that the most commonly used organic solvent of e-cigarette oil, propylene glycol, has been shown to form carcinogens including formaldehyde when oxidized. The components of e-cigarettes contain varying amounts of carcinogenic metals, the most common of which are chromium, nickel, and aluminum which, when heated, can be released into the device and enter the user's body.

c. E-liquids manufactured in foreign countries are notorious for being manufactured with pesticide-grade nicotine, industrial propylene glycol, and other chemicals highly harmful chemicals to the human body. There have been

many reports of these foreign products being fraudulently labeled to bypass customs enforcement and regulators.

d. There are thousands of different types of e-cigarettes and varying e-liquids sold in the United States today, but only an extremely small fraction of this amount has actually received approval from the federal Food and Drug Administration.

e. The FDA has largely been silent in its role as industry regulator, and has not acted to remove unlawful vaping products from the shelves of retailers, nor has it acted to properly approve or disapprove vaping products for retail sale in the United States.

(2) Based on the foregoing, the Legislature declares that the health, safety, and welfare of the residents of the State of Alabama requires that until the FDA begins to effectively regulate vaping products in the United States, this state must restrict and prohibit the sale of foreign vaping products.

(b) Beginning October 1, 2025, no e-liquid, electronic nicotine delivery system, or alternative nicotine product may be added to the Electronic Nicotine Delivery System (ENDS) Directory maintained by the Department of Revenue pursuant to Section 28-11-17.1 unless either of the following apply:

(1) The product and its components are made, packaged, labeled, and manufactured in the United States.

(2) The manufacturer of the product has received a marketing order or other authorization under 21 U.S.C. § 387j(c)(1)(A)(i) authorizing the product to be introduced or

1065 delivered for introduction into interstate commerce.

1066 (c) The Department of Revenue may require a
1067 manufacturer, wholesaler, or distributor of an e-liquid,
1068 electronic nicotine delivery system, or alternative nicotine
1069 product to certify under penalty of perjury that its products
1070 are in compliance with subdivision (b)(1).

1071 Section 3. (a) On or before September 1, 2025, the
1072 State Board of Education shall adopt a model policy for the
1073 establishment of a vape awareness, education, and prevention
1074 program to prohibit the possession and use of prohibited
1075 tobacco, tobacco products, electronic nicotine delivery
1076 systems, e-liquids, and alternative nicotine products by
1077 students in public K-12 schools.

1078 (b) On or before November 1, 2025, each local board of
1079 education shall adopt a policy that, at a minimum, contains
1080 the criteria established in the model policy adopted by the
1081 State Board of Education.

1082 (c) The model policy adopted by the State Board of

1084 (1) A statement prohibiting the possession or use of
1085 tobacco, tobacco products, electronic nicotine delivery
1086 systems, e-liquids, and alternative nicotine products, as
1087 those terms are defined under Section 28-11-2, Code of Alabama
1088 1975, by any student at a public K-12 school, on a school bus,
1089 or at any school-sponsored function.

1090 (2) A series of graduated consequences for any student
1091 who violates the policy by possessing or using tobacco,
1092 tobacco products, electronic nicotine delivery systems,

e-liquids, or alternative nicotine products as prohibited by this section. Graduated consequences may include, but are not limited to: (i) Notification of the student's parent or guardian; (ii) required participation in a vaping awareness, education, and prevention class; (iii) in-school suspension, out-of-school suspension, or alternative school; (iv) referral of the matter to the juvenile court for disposition pursuant to Section 28-11-13(d), Code of Alabama 1975; or (v) any combination of the foregoing. Graduated consequences shall conform with applicable disability, antidiscrimination, and education laws and school discipline policies.

(3) A model complaint form and procedure for reporting violations of this section. An anonymous report may not be the basis of imposing formal disciplinary action against a student.

(4) A procedure for the prompt investigation of reports of serious violations and complaints, specifying that the principal, assistant principal, or school resource officer is the individual responsible for the investigation.

(5) A response procedure for a school to follow upon confirmation of the possession or use of tobacco, tobacco products, electronic nicotine delivery systems, e-liquids, or alternative nicotine products as prohibited by this section.

(6) A procedure for publicizing local school board policy through publication in the student handbook, including providing notice that the policy applies to behavior occurring on school property, school buses, and at school-sponsored functions.

1121 (7) A statement prohibiting the use of tobacco, tobacco
1122 products, electronic nicotine delivery systems, e-liquids, and
1123 alternative nicotine products, as those terms are defined
1124 under Section 28-11-2, Code of Alabama 1975, by any teacher,
1125 administrator, or other school employee on the campus of any
1126 public K-12 school.

1127 (d) The State Department of Education shall coordinate
1128 with the Drug Education Council to develop a vaping awareness,
1129 education, and prevention class based on curriculum
1130 established by the Drug Education Council. The content of the
1131 class shall be approved by the State Board of Education. The
1132 department shall make the curriculum available to each local
1133 board of education through the local superintendent of
1134 education.

1135 (e) The policy adopted by each local board of education
1136 shall be included in the code of conduct policy of the local
1137 board of education and included in the student handbook.

1138 Section 4. The Alcoholic Beverage Control Board shall
1139 adopt rules to implement and administer Chapter 11 of Title
1140 28, Code of Alabama 1975.

1141 Section 5. Section 28-11-15, Code of Alabama 1975,
1142 relating to the posting of signs regarding the sale of tobacco
1143 and tobacco products, is repealed.

1144 Section 6. Section 28-11-19, Code of Alabama 1975,
1145 relating to limitation on locations of specialty retailers of
1146 electronic nicotine delivery systems, is repealed.
