Senate Bill 90 (Act 2026-173) as enacted will decrease receipts to the Department of Conservation and Natural Resources (DNCR) by an estimated \$4,800 per fiscal year, by expanding the amount of seafood licenses that qualify resident license holders to purchase the annual seafood dealer license for a \$265 fee, instead of the \$465 fee. According to DCNR, this act will qualify approximately 24 additional residents for the reduced rate.
