

## **FISCAL NOTE**

### **House Bill 329**

Committee: Education Policy

Sponsor: Representative David Faulkner

Analyst: John Friedenreich

Date: 02/02/2026

---

**House Bill 329** as introduced would codify an existing rule of the State Department of Education to require public school students, beginning with students who will graduate during the 2031-2032 school year, to earn at least one credit in a department approved computer science course. This bill could increase the administrative obligations of the department to ensure that computer science courses meet certain instructional criteria.
