House Bill 443 as introduced could increase the obligations of the Legislature by approximately \$360,000 if a special session must be called by the Governor to appoint commissioners pursuant to this bill.

This bill could further increase the obligations of the Legislature by an undetermined amount dependent on: (1) the amount of legislative compensation, per diem and travel reimbursements paid to commissioners for each day the delegation conducts business; and (2) any compensation paid to staff hired by the advisory commission, created by this bill.

This bill could also increase receipts to the State General Fund from fines; increase receipts to the State General Fund, county general funds and other funds to which court costs are deposited; and could increase the obligations of the State General Fund, district attorneys, the Bureau of Pardons and Paroles, community corrections programs, and the Department of Corrections by an undetermined amount dependent upon the number of persons charged with and convicted of the offenses provided by the bill and the penalties imposed.
