

FISCAL NOTE

House Bill 322

Committee: Transportation, Utilities and
Infrastructure

Sponsor: Representative Steve Clouse

Analyst: Jennifer Farish

Date: 01/30/2026

House Bill 322 as introduced would: (1) extend the sunset date of the Underground Prevention Program to January 1, 2037; (2) allow the Underground Damage Prevention Authority to contract with a third-party administrator for administrative support, instead of the Public Service Commission; (3) specifically authorize grants, assessments, and civil penalties to be deposited into the existing Underground Damage Prevention Fund; and (4) allow excess monies in the Fund to be used for underground facility damage prevention.
