House Bill 102

Committee: Public Safety and Homeland
Security

Analyst: John Friedenreich

Sponsor: Representative Kerry (Bubba)
Underwood

Date: 01/13/2026

House Bill 102 as introduced would decrease potential receipts to the State General Fund, the Public Road and Bridge Fund, and to municipalities and counties by an undetermined amount dependent on the number of surviving spouses of a deceased disabled veteran that retain the veteran's disabled license plate, as provided by this bill that otherwise would have obtained a different license plate and paid the regular license fee, instead of the reduced \$5 fee.
