**Senate Bill 103** as introduced would establish the Alabama Construction Recruitment Institute as a division within the Alabama Department of Workforce beginning October 1, 2026. This could increase the administrative obligations of the Department by an undetermined amount dependent upon the cost to provide the administrative services necessary for the Institute to carry out its duties. However, any costs incurred would be offset by income accruing to the Institute from construction craft industry fees collected for use by the Institute. For FY 2025, total estimated funds available to the Institute were \$3.8 million and estimated expenditures were \$1.79 million.

The provisions of this bill would provide for the continuance of the Alabama Construction Recruitment Institute until October 1, 2030, pursuant to the Alabama Sunset Law.
