---

**Senate Bill 62** as reported by the Committee on Finance and Taxation Education would create the six-member Alabama Charter School Finance Authority to issue bonds, of which the aggregate principal amount would be determined by the board of directors, for the purpose of: (1) providing financing loans to state charter schools to finance project costs; (2) funding necessary revenues; and (3) paying or redeeming bonds. The annual debt service obligations of the Authority is undetermined but would be dependent upon the amount of bonds issued, the interest rate at the time of issuance, and the repayment date of the bonds. The provisions of this bill would not otherwise affect state or local funding.
