

## FISCAL NOTE

### Senate Bill 197

Committee: County and Municipal Government Sponsor: Senator Dan Roberts

Analyst: Jennifer Farish

Date: 01/27/2026

---

**Senate Bill 197** as introduced would exempt mobile food vendors that hold a valid health inspection certificate and a valid fire inspection certificate from having to obtain additional licenses, permits, or other permissions, in jurisdictions the mobile food vendor temporarily operates. This could decrease the obligations of counties and municipalities by an undetermined amount dependent on the number of licenses, permits, or other permissions no longer required for mobile food vendors to operate in jurisdictions outside of the food vendor's established commissary location.

This bill would increase the financial obligations of the State Fire Marshal's office by an undetermined amount to establish a uniform statewide fire safety inspection process and maintain a list of local fire departments authorized to conduct fire inspections of mobile food vendors pursuant to the provisions of this bill.

Finally, this bill could increase receipts to the State General Fund and municipal general funds from fines; increase receipts to the State General Fund, county general funds, municipal general funds, and other funds to which court costs are deposited; and could increase the obligations of the State General Fund, district attorneys, and local jails by an undetermined amount dependent upon the number of persons charged with and convicted of the offenses provided by this bill and the penalties imposed.
