374 confirmation or access would require the controller to reveal  
375 a trade secret.

376 (2) Correct inaccuracies in the consumer's personal  
377 data, considering the nature of the personal data and the  
378 purposes of the processing of the consumer's personal data.

379 (3) Direct a controller to delete the consumer's  
380 personal data.

381 (4) Obtain a copy of the consumer's personal data

384 usable format that allows the consumer to transmit the  
385 personal data to another controller without hindrance when the  
386 processing is carried out by automated means, unless the  
387 provision of the data would require the controller to reveal a  
388 trade secret.

389 (5) Opt out of the processing of the consumer's  
390 personal data for any of the following purposes:

391 a. Targeted advertising.  
392 b. The sale of the consumer's personal data.

## HB351 INTRODUCED

393                   c. Profiling in furtherance of solely automated  
394 significant decisions concerning the consumer.

395                   (b) A controller shall establish a secure and reliable  
396 method for a consumer to exercise rights established by this  
397 section and shall describe the method in the controller's  
398 privacy notice.

399                   (c) (1) A consumer may designate an authorized agent in  
400 accordance with Section 6 to exercise the consumer's rights  
401 established by this section.

402                   (2) A parent or legal guardian of a known child may  
403 exercise the consumer's rights on behalf of the known child  
404 regarding the processing of personal data.

405                   (3) A guardian or conservator of a consumer may  
406 exercise the consumer's rights on behalf of the consumer  
407 regarding the processing of personal data.

408                   (d) Except as otherwise provided in this act, a  
409 controller shall comply with a request by a consumer to  
410 exercise the consumer's rights authorized by this section as  
411 follows:

412                   (1) a. A controller shall respond to a consumer's  
413 request within 45 days of receipt of the request.

414                   b. A controller may extend the response period by 45  
415 additional days, when reasonably necessary considering the  
416 complexity and number of the consumer's requests, by notifying  
417 the consumer of the extension and the reason for the extension  
418 within the initial 45-day response period.

419                   (2) If a controller declines to act regarding a  
420 consumer's request, the controller shall inform the consumer

421 of the justification for declining to act within 45 days of  
422 receipt of the request.

423 (3) Information provided in response to a consumer  
424 request must be provided by a controller, free of charge, once  
425 for each consumer during any 12-month period. If a consumer's  
426 requests are manifestly unfounded, excessive, technically  
427 infeasible, or repetitive, the controller may charge the  
428 consumer a reasonable fee to cover the administrative costs of  
429 complying with a request or decline to act on a request. Upon  
430 inquiry by an enforcement authority, the controller bears the  
431 burden of demonstrating the manifestly unfounded, excessive,  
432 technically infeasible, or repetitive nature of a request.

433 (4) If a controller is unable to authenticate a  
434 consumer's request using commercially reasonable efforts, the  
435 controller shall not be required to comply with a request to  
436 initiate an action pursuant to this section and shall provide  
437 notice to the consumer that the controller is unable to  
438 authenticate the request until the consumer provides  
439 additional information reasonably necessary to authenticate  
440 the consumer and the request. A controller is not required to  
441 authenticate an opt-out request, but a controller may deny an  
442 opt-out request if the controller has a good faith,  
443 reasonable, and documented belief that the request is  
444 fraudulent or otherwise not authorized. If a controller denies  
445 an opt-out request because the controller believes the request  
446 is fraudulent or not authorized, the controller shall send  
447 notice to the person who made the request disclosing that the  
448 controller believes the request is fraudulent or not

449 authorized and that the controller may not comply with the  
450 request.

451 (5) A controller that has obtained personal data about  
452 a consumer from a source other than the consumer is in  
453 compliance with a consumer's request to delete the consumer's  
454 data if the controller has done either of the following:

455 a. Retained a record of the deletion request and the  
456 minimum data necessary for the purpose of ensuring the  
457 consumer's personal data remains deleted from the controller's  
458 records and refrains from using the retained data for any  
459 other purpose.

460 b. Opted the consumer out of any further processing of  
461 the consumer's personal data for any purpose except for those  
462 exempted pursuant to this act.

463 Section 6. (a) A consumer may designate another person  
464 to serve as the consumer's authorized agent and act on the  
465 consumer's behalf to opt out of the processing of the  
466 consumer's personal data for one or more of the purposes  
467 specified in Section 4.

468 (b) A controller shall comply with an opt-out request  
469 received from an authorized agent if the controller is able to  
470 verify, with commercially reasonable effort, the identity of  
471 the consumer and the authorized agent's authority to act on  
472 the consumer's behalf.

473 (c) An opt-out method must do both of the following:

474 (1) Provide a clear and conspicuous link on the  
475 controller's Internet website to an Internet web page that  
476 enables a consumer or an agent of the consumer directly to opt

477 out of the targeted advertising or sale of the consumer's  
478 personal data, or provides up-to-date contact information for  
479 a consumer to submit the opt-out request.

480 (2) By no later than January 1, 2027, allow a consumer  
481 or an agent of the consumer to opt out of any processing of  
482 the consumer's personal data for the purposes of targeted  
483 advertising, or any sale of such personal data through an  
484 opt-out preference signal sent with the consumer's consent, to  
485 the controller by a platform, technology, or mechanism that  
486 does all of the following:

487 a. May not unfairly disadvantage another controller.

488 b. May not make use of a default setting, but require  
489 the consumer to make a freely given and unambiguous choice to  
490 opt out of any processing of a consumer's personal data  
491 pursuant to this act.

492 c. Must be reasonably consumer friendly and easy to use  
493 by the average consumer.

494 d. Must be consistent with any federal or state law or  
495 regulation.

496 e. Must be designed to allow the controller to  
497 accurately determine whether the consumer is a resident of the  
498 state and whether the consumer has made a legitimate request  
499 to opt out of any sale of a consumer's personal data or  
500 targeted advertising.

501 (d) (1) If a consumer's decision to opt out of any  
502 processing of the consumer's personal data for the purposes of  
503 targeted advertising, or any sale of personal data, through an  
504 opt-out preference signal sent in accordance with this section

505 conflicts with the consumer's existing controller-specific  
506 privacy setting or voluntary participation in a controller's  
507 bona fide loyalty, rewards, premium features, discounts, or  
508 club card program, the controller shall comply with the  
509 consumer's opt-out preference signal but may notify the  
510 consumer of the conflict and provide the choice to confirm  
511 controller-specific privacy settings or participation in such  
512 a program.

513 (2) If a controller responds to consumer opt-out  
514 requests received in accordance with this section by informing  
515 the consumer of a charge for the use of any product or  
516 service, the controller shall present the terms of any  
517 financial incentive offered pursuant to this section for the  
518 retention, use, sale, or sharing of the consumer's personal  
519 data.

520 Section 7. (a) A controller shall do all of the  
521 following:

522 (1) Limit the collection of personal data to what is  
523 adequate, relevant, and reasonably necessary in relation to  
524 the purposes for which the personal data is processed.

525 (2) Establish, implement, and maintain reasonable  
526 administrative, technical, and physical data security  
527 practices to protect the confidentiality, integrity, and  
528 accessibility of personal data appropriate to the volume and  
529 nature of the personal data at issue.

530 (3) Provide an effective mechanism for a consumer to  
531 revoke the consumer's consent under this act that is at least  
532 as easy as the mechanism by which the consumer provided the

533 consumer's consent and, on revocation of the consent, cease to  
534 further process the personal data as soon as practicable, but  
535 no later than 45 days after complying with the consumer's  
536 opt-out request consistent with this act.

537 (b) A controller may not do any of the following:

538 (1) Except as provided in this act, process personal  
539 data for purposes that are not reasonably necessary to or  
540 compatible with the disclosed purposes for which the personal  
541 data is processed as disclosed by the controller.

542 (2) Process sensitive data concerning a consumer other  
543 than a known child without obtaining that consumer's consent  
544 or, in the case of the processing of personal data concerning  
545 a known child, without processing the data in accordance with  
546 the federal Children's Online Privacy Protection Act of 1998,  
547 15 U.S.C. § 6501 et seq.

548 (3) Process personal data in violation of the laws of  
549 this state or federal laws that prohibit unlawful  
550 discrimination against consumers.

551 (4) Process the personal data of a consumer for the  
552 purposes of targeted advertising or sell a consumer's personal  
553 data without the consumer's consent under circumstances in  
554 which a controller has actual knowledge that the consumer is  
555 at least 13 years of age but younger than 16 years of age.

556 (5) Deny goods or services, charge different prices or  
557 rates for goods or services, or provide a different level of  
558 quality of goods or services to a consumer if the consumer  
559 opts out of the processing of the consumer's data. However, if  
560 a consumer opts out of data processing, the covered entity is

561 not required to provide a service that requires data  
562 processing. Controllers may provide different prices or levels  
563 for goods or services if the good or service is a bona fide  
564 loyalty, rewards, premium features, discount, or club card  
565 program in which a consumer voluntarily participates.

566 (c) If a controller sells personal data to third  
567 parties or processes personal data for targeted advertising,  
568 the controller shall clearly and conspicuously disclose the  
569 processing, as well as the way a consumer may exercise the  
570 right to opt out of the processing.

571 (d) A controller shall provide consumers with a  
572 reasonably accurate, clear, and meaningful privacy notice that  
573 includes all of the following:

574 (1) The categories of personal data processed by the  
575 controller.

576 (2) The purpose for processing personal data.

577 (3) The categories of personal data that the controller  
578 shares with third parties, if any.

579 (4) The categories of third parties, if any, with which  
580 the controller shares personal data.

581 (5) An active email address or other mechanism that the  
582 consumer may use to contact the controller.

583 (6) How consumers may exercise their consumer rights,  
584 including a link or contact information for availing  
585 themselves of the opt-out method provided in Section 6.

586 (e) (1) A controller shall establish and describe in a  
587 privacy notice one or more secure and reliable means for  
588 consumers to submit a request to exercise their consumer

589 rights, as established under Section 5, pursuant to this act  
590 considering the ways in which consumers normally interact with  
591 the controller, the need for secure and reliable communication  
592 of consumer requests, and the ability of the controller to  
593 authenticate the identity of the consumer or authorized agent  
594 making the request.

595 (2) A controller may not require a consumer to create a  
596 new account to exercise consumer rights but may require a  
597 consumer to use an existing account as a means of exercising  
598 his or her consumer rights.

599 (f) Any provision of a contract or agreement of any  
600 kind that purports to waive or limit in any way a consumer's  
601 consumer rights as established under this act shall be deemed  
602 contrary to public policy and shall be void and unenforceable.

603 Section 8. (a) A processor shall adhere to the  
604 instructions of a controller and shall assist the controller  
605 in meeting the controller's obligations under this act,  
606 considering the nature of processing and the information  
607 available to the processor, including, but not limited to,  
608 both of the following:

609 (1) Maintaining appropriate and reasonably practical  
610 technical and organizational measures to support the  
611 fulfillment of the controller's obligation to respond to  
612 consumer rights requests.

613 (2) Assisting the controller in meeting the  
614 controller's obligations in relation to the security of  
615 processing the personal data and in relation to the  
616 notification of a breach of security of the system of the

617 processor to meet both the controller's and the processor's  
618 obligations.

619 (b) (1) A contract between a controller and a processor  
620 shall govern the processor's data processing obligations with  
621 respect to processing performed on behalf of the controller.

622 (2) The contract shall:

623 a. Be binding;

624 b. Clearly set forth instructions for processing data;

625 c. Clearly set forth the nature and purpose of the  
626 processing;

627 d. Clearly set forth the type of data subject to  
628 processing;

629 e. Clearly set forth the duration of processing; and

630 f. Clearly set forth the rights and obligations of both  
631 parties.

632 (3) The contract, taking into account the nature of the  
633 processing, the relationship between the parties, and other  
634 factors, shall also require the processor to:

635 a. Ensure that each processor of personal data is  
636 subject to a duty of confidentiality with respect to the  
637 personal data;

638 b. Delete or return all personal data to the controller  
639 as requested at the end of the provision of services at the  
640 controller's direction, unless retention of the personal data  
641 is required or permitted by law or the contract;

642 c. Make available to the controller all information in  
643 the processor's possession necessary to demonstrate the  
644 processor's compliance with the obligations of this act upon

## HB351 INTRODUCED

645 the reasonable request of the controller; and

646       d. Obligate any subcontractor processing personal data  
647 to meet the obligations of the processor with respect to the  
648 personal data.

649       (c) Nothing in this section may be construed to relieve  
650 a controller or processor from the liabilities imposed on the  
651 controller or processor by virtue of the controller's or  
652 processor's role in the processing relationship as described  
653 in this act.

654       (d) Determining whether a person is acting as a  
655 controller or processor with respect to a specific processing  
656 of data is a fact-based determination that depends on the  
657 following context in which personal data is to be processed:

658       (1) A person who is not limited in the processing of  
659 personal data pursuant to a controller's instructions or who  
660 fails to adhere to a controller's instructions is a controller  
661 and not a processor with respect to a specific processing of  
662 data.

663       (2) A processor that continues to adhere to a  
664 controller's instructions with respect to a specific  
665 processing of personal data remains a processor.

666       (3) If a processor begins, alone or jointly with  
667 others, determining the purposes and means of the processing  
668 of personal data, the processor is a controller with respect  
669 to the processing and may be subject to an enforcement action  
670 under this act.

671       Section 9. (a) Any controller in possession of  
672 deidentified data shall do all of the following:

## **HB351 INTRODUCED**

673 (1) Take measures to ensure that the deidentified data  
674 cannot reasonably be associated with an individual.

675 (2) Refrain from reidentifying the deidentified data  
676 when maintaining and using deidentified data.

677 (3) Contractually obligate any recipients of the  
678 deidentified data to comply with all provisions of this  
679 section.

680 (b) Nothing in this act may be construed to require a  
681 controller to do any of the following:

682 (1) Reidentify deidentified data or pseudonymous data.

683 (2) Maintain deidentified data in an identifiable form.

684 (3) Collect, obtain, retain, or access any identifiable  
685 data associated with deidentified data solely for purposes of  
686 authenticating a potential consumer request regarding personal  
687 data.

688 (c) Nothing in this act may be construed to require a  
689 controller or processor to comply with an authenticated  
690 consumer rights request if the controller or processor:

691 (1) Is not reasonably capable of associating the  
692 request with the personal data or it would be unreasonably  
693 burdensome to associate the request with the personal data;

694 (2) Does not use the personal data to recognize or  
695 respond to the specific consumer who is the subject of the  
696 personal data or associate the personal data with other  
697 personal data about the same specific consumer; and

698 (3) Does not sell the personal data to any third party  
699 or otherwise voluntarily disclose the personal data to any  
700 third party other than a processor or subprocessor, except as

701 otherwise permitted in this section.

702 (d) The rights afforded under Section 4 may not apply  
703 to pseudonymous data in cases in which the controller is able  
704 to demonstrate that any information necessary to identify the  
705 consumer is kept separately and is subject to effective  
706 technical and organizational controls that prevent the  
707 controller from accessing the information.

708 (e) A controller that discloses pseudonymous data or  
709 deidentified data shall exercise reasonable oversight to  
710 monitor compliance with any contractual commitments to which  
711 the pseudonymous data or deidentified data is subject and  
712 shall take appropriate steps to address any breaches of those  
713 contractual commitments.

714 Section 10. (a) Nothing in this act may be construed to  
715 restrict a controller's or processor's ability to do any of  
716 the following:

717 (1) Comply with federal, state, or local ordinances or  
718 regulations.

719 (2) Comply with a civil, criminal, or regulatory  
720 inquiry, investigation, subpoena, or summons by federal,  
721 state, local, or other government authority.

722 (3) Cooperate with law enforcement agencies concerning  
723 conduct or activity that the controller or processor  
724 reasonably and in good faith believes may violate federal,  
725 state, or local ordinances, rules, or regulations.

726 (4) Investigate, establish, exercise, prepare for, or  
727 defend legal claims, or otherwise protect the legal rights of  
728 the controller or processor.

## **HB351 INTRODUCED**

729 (5) Provide a product or service specifically requested  
730 by a consumer.

731 (6) Perform under a contract to which a consumer is a  
732 party, including fulfilling the terms of a written warranty.

733 (7) Take steps at the request of a consumer prior to  
734 entering a contract.

735 (8) Take immediate steps to protect an interest that is  
736 essential for the life or physical safety of the consumer or  
737 another individual and when the processing cannot be  
738 manifestly based on another legal basis.

739 (9) Prevent, detect, protect against, or respond to  
740 security incidents; identify theft, including identity theft,  
741 fraud, harassment, malicious or deceptive activities, or any  
742 illegal activity; preserve the integrity or security of  
743 systems; or investigate, report, or prosecute those  
744 responsible for any of these actions.

745 (10) Engage in public or peer-reviewed scientific or  
746 statistical research in the public interest that adheres to  
747 all other applicable ethics and privacy laws and is approved,  
748 monitored, and governed by an institutional review board that  
749 determines, or similar independent oversight entities that  
750 determine, all of the following:

751 a. Whether the deletion of the information is likely to  
752 provide substantial benefits that do not exclusively accrue to  
753 the controller

754                   b. The expected benefits of the research outweigh the  
755                   privacy risks.

756 C. Whether the controller has implemented reasonable

757 safeguards to mitigate privacy risks associated with research,  
758 including any risks associated with reidentification.

759 (11) Assist another controller, processor, or third  
760 party with any of the obligations under this act.

761 (12) Process personal data for reasons of public  
762 interest in public health, community health, or population  
763 health, but solely to the extent that the processing is both  
764 of the following:

765 a. Subject to suitable and specific measures to  
766 safeguard the rights of the consumer whose personal data is  
767 being processed.

768 b. Under the responsibility of a professional subject  
769 to confidentiality obligations under federal, state, or local  
770 law.

771 (b) The obligations imposed on controllers or  
772 processors under this act may not restrict a controller's or  
773 processor's ability to collect, use, or retain personal data  
774 for internal use to do any of the following:

775 (1) Conduct internal research to develop, improve, or  
776 repair products, services, or technology.

777 (2) Effectuate a product recall.

778 (3) Identify and repair technical errors that impair  
779 existing or intended functionality.

780 (4) Perform internal operations that are reasonably  
781 aligned with the expectations of the consumer or reasonably  
782 anticipated based on the consumer's existing relationship with  
783 the controller or are otherwise compatible with processing  
784 data in furtherance of the provision of a product or service

785 specifically requested by a consumer or the performance of a  
786 contract to which the consumer is a party.

787 (c) The obligations imposed on controllers or  
788 processors under this act may not apply when compliance by the  
789 controller or processor with this act would violate an  
790 evidentiary privilege under the laws of this state. Nothing in  
791 this act may be construed to prevent a controller or processor  
792 from providing personal data concerning a consumer to a person  
793 covered by an evidentiary privilege under the laws of this  
794 state as part of a privileged communication.

795 (d) (1) If, at the time a controller or processor  
796 discloses personal data to a processor or third-party  
797 controller in accordance with this act, the controller or  
798 processor did not have actual knowledge that the processor or  
799 third-party controller would violate this act, then the  
800 controller or processor may not be considered to have violated  
801 this act.

802 (2) A receiving processor or third-party controller  
803 receiving personal data from a disclosing controller or  
804 processor in compliance with this act is likewise not in  
805 violation of this act for the transgressions of the disclosing  
806 controller or processor from which the receiving processor or  
807 third-party controller receives the personal data.

808 (e) Nothing in this act may be construed to do either  
809 of the following:

810 (1) Impose any obligation on a controller or processor  
811 that adversely affects the rights or freedoms of any person.

812 (2) Apply to a person's processing of personal data

## HB351 INTRODUCED

813 during the person's personal or household activities.

814 (f) Personal data processed by a controller pursuant to  
815 this section may be processed to the extent that the  
816 processing is both of the following:

817 (1) Reasonably necessary and proportionate to the  
818 purposes listed in this section.

819 (2) Adequate, relevant, and limited to what is  
820 necessary in relation to the specific purposes listed in this  
821 section. The controller or processor must, when applicable,  
822 consider the nature and purpose of the collection, use, or  
823 retention of the personal data collected, used, or retained  
824 pursuant to this section. The personal data must be subject to  
825 reasonable administrative, technical, and physical measures to  
826 protect the confidentiality, integrity, and accessibility of  
827 the personal data and to reduce reasonably foreseeable risks  
828 of harm to consumers relating to the collection, use, or  
829 retention of personal data.

830 (g) If a controller processes personal data pursuant to  
831 an exemption in this section, the controller bears the burden  
832 of demonstrating that the processing qualifies for the  
833 exemption and complies with the requirements in this section.

834 (h) Processing personal data for the purposes expressly  
835 identified in this section may not solely make a legal entity  
836 a controller with respect to the processing.

837 Section 11. (a) The Attorney General has exclusive  
838 authority to enforce violations of this act.

839 (b) (1) The Attorney General, prior to initiating any  
840 action for a violation of any provision of this act, shall

## HB351 INTRODUCED

841 issue a notice of violation to the controller.

842 (2) If the controller fails to correct the violation  
843 within 45 days after receipt of the notice of violation, the  
844 Attorney General may bring an action for an injunction  
845 pursuant to this section and assess a civil penalty of not  
846 more than fifteen thousand dollars (\$15,000) per violation.

847 (3) If within the 45-day period the controller corrects  
848 the noticed violation and provides the Attorney General an  
849 express written statement that the alleged violations have  
850 been corrected and that no such further violations will occur,  
851 no action may be initiated against the controller.

852 (c) A violation of this act does not establish a  
853 private cause of action under the laws of this state. Nothing  
854 in this act may be otherwise construed to affect any right a  
855 person may have at common law, by statute, or otherwise.

856 Section 12. This act shall become effective on October  
857 1, 2026.
