(2) AMOUNT OF SERVICE RETIREMENT ALLOWANCE.

a. Upon retirement from service, a Tier I plan member shall receive a service retirement allowance which shall consist of:

An annuity which shall be the actuarial equivalent of his or her accumulated contributions at the time of his or her retirement; except, that in the case of a state policeman who has completed 20 years of creditable service as a state policeman who retires after age 56 but prior to age 60, the annuity shall be equal to the annuity that would have been payable upon service retirement at age 60 had the member continued in service to age 60 without change in compensation;

2. A pension which shall be equal to the annuity allowance at age of retirement, but not to exceed an annuity allowable at age 65, computed on the basis of contributions made prior to attainment of age 65; except, that in the case

of a state policeman who has completed 20 years of creditable service as a state policeman who retires after age 56 but prior to age 60, the pension shall be equal to the annuity that he or she would have received had he or she contributed to age 60 without change in compensation; and

An additional pension, if he or she has a prior service certificate in full force and effect, which shall be equal to the annuity which would have been provided at the age of retirement, but which shall not exceed an annuity allowable at age 65 by twice the contributions which he or she would have made during the period of prior service with which he or she is credited had the system been in operation and had he or she contributed thereunder; except, that in case of a state policeman who has completed 20 years of creditable service as a state policeman who retired after age 56 but prior to age 60, an additional pension, if he or she has a prior service certificate in full force and effect, which shall be equal to the annuity which would have been provided at age 60, but which shall not exceed an annuity allowable at age 60 by twice the contributions which he or she would have made during the period of prior service with which he or she is credited had the system been in operation and had he or she contributed thereunder.

3. An additional pension, if he or she has a prior service certificate in full force and effect, which shall be equal to the annuity which would have been provided at the age of retirement, but which shall not exceed an annuity allowable at the age of retirement plus four years by twice the contributions which he or she would have made during the period of prior service with which he or she is credited had the system been in operation and had he or she contributed thereunder. In lieu of a determination of the actual compensation of a member that was received during that prior service, the Board of Control may use for the purpose of this article the compensation rate which, if it had progressed with the rates of salary increase shown in the tables as prescribed in subsection (n) of Section 36-27-23, would have resulted in the same average salary of the member for the five years immediately preceding the date of establishment as the records show the member actually received.

c. The annual service retirement pension payable to a Tier I plan member not employed as a state policeman retiring on or after October 1, 1975, shall not be less than an amount which, when added to his or her annuity, is equal to the greater of the following two amounts:

204 who is not employed as a state policeman shall receive a
205 service retirement allowance which shall consist of an annuity

220 who is employed as a state policeman shall receive a service
221 retirement allowance which shall consist of an annuity which

223 contributions at the time of retirement and a pension which,
224 when added to the member's annuity, shall be equal to two and

b. Should the medical board report and certify to the Board of Control that a disability beneficiary who is a Tier II plan member has the capacity to engage in regular and substantial gainful employment, the Board of Control shall discontinue the beneficiary's retirement allowance until the beneficiary is otherwise eligible for service retirement.

SB68 INTRODUCED

Alternatively, if the surviving spouse or other designee desires, he or she may

choose to receive, in lieu of the allowance provided under Option 2 or Option 3, the accumulated contributions of the member plus an amount equal to the accumulated contributions of the member not to exceed five thousand dollars (\$5,000) or the accumulated contributions of the member plus the benefit provided by Section 36-27B-3 if a benefit is payable under that section;

(3) In case of the death of a Tier I plan member not eligible for service retirement, after completion of 25 years of creditable service, an allowance shall be paid to the surviving spouse, if designated as the sole beneficiary, in an amount that would have been payable if the member had retired immediately prior to his or her death and had elected Option 2, as set forth in subsection (d), or to such other person who the member shall have designated, in an amount that would have been payable if the member had retired for disability immediately prior to his or her death and had elected Option 3 as set forth in subsection (d). For purposes of this subsection only, hazardous duty time, as set forth in subdivision (b)(1) of Section 36-27-59, may be used in calculating the requisite years of

SB68 INTRODUCED

service for firefighters, law enforcement officers, and correctional officers even if the member has not otherwise attained 25 years of creditable service;

(4) Upon the death of a member on account of whom no survivor allowance is payable under subdivisions (2) or (3) of this subsection, the accumulated contributions of the member plus an amount equal to the accumulated contributions not to exceed five thousand dollars (\$5,000) or the accumulated contributions of the member plus the benefit provided by Section 36-27B-3 if a benefit is payable under that section shall be paid to his or her estate or to such person as he or she shall have nominated by written designation duly executed and filed with the Board of Control.

(d) Optional allowances. With the provision that the election of an option shall be effective on the effective date of retirement, any member may elect prior to retirement to receive, in lieu of his or her retirement allowance payable throughout life, the actuarial equivalent, at that time, of his or her retirement allowance in a reduced retirement allowance payable throughout life with the provisions that:

(1) OPTION 1. If he or she dies before he or she has received in annuity payments the present value of his or her annuity as it was at the time of his or her retirement, the balance shall be paid to his or her legal representatives or to the person as he or she shall nominate by written designation duly acknowledged and filed with the Board of Control;

(2) OPTION 2. Upon his or her death, his or her reduced

SB68 INTRODUCED

Some other benefit or benefits shall be paid either to the member or to the person or persons as he or she shall nominate; provided, that those other benefits, together with the reduced retirement allowance, shall be certified by the actuary to be of equivalent actuarial value to his or her retirement allowance and shall be approved by the Board of Control; or

(5) OPTION 5. At the time of retirement, he or she shall receive a partial lump sum distribution as a single payment not to exceed the sum of 24 months of the maximum monthly retirement allowance the member could receive. This option may be elected in addition to the election of another option under this subsection and the further reduced monthly retirement allowance shall be calculated in accordance with the selected option. This option shall not be available to a member who is receiving a disability retirement.

(e) Effect of return to active service. Should any beneficiary be restored to active service, his or her retirement allowance shall be suspended until he or she again

SB68 INTRODUCED

withdraws from service and he or she shall not again become a member of the retirement system nor shall he or she make contributions; except, that should the beneficiary who has been restored to active service continue in service for a period of two or more years from the date of his or her reentry into active service, he or she may request the Board of Control to allow him or her to again become a member of the retirement system. The Board of Control may grant the request for restoration to membership; provided, that the beneficiary whose retirement allowance has been suspended shall repay to the system all monies received by him or her as benefits during any periods subsequent to the date of his or her reentry into active service and shall make a contribution equal to the amount he or she would have contributed had he or she been a member during the period of his or her restoration to active service on a suspended allowance basis together with the interest that would have been credited to the contributions on account of the period of restoration up to the date the contribution is made.

(f) (1) REDETERMINATION, ETC., OF CERTAIN ALLOWANCES.

All retirement allowance payments due on or after October 1, 1975, to members who retired prior to that date shall be redetermined as if the provisions of this section in effect on October 1, 1975, were in effect at the time the member retired. Anything in this article to the contrary notwithstanding, the annual retirement allowance of any member not employed as a state policeman who retired on or before January 1, 1956, shall not be less than seventy-nine dollars

twenty cents (\$79.20) multiplied by the number of years of his or her creditable service not in excess of 30 years in the case of service retirement of fifty-nine dollars forty cents (\$59.40) multiplied by the number of years of his or her creditable service not in excess of 30 years in the case of disability retirement. Any increase provided in the retirement allowance payment under this subdivision for a member who retired under the provisions of any optional benefit elected pursuant to subsection (d) shall accrue only to the retired member, and no person designated to receive any payments after the death of a retired member under the provisions of any optional benefit shall receive any increase in payments under this subdivision. Notwithstanding, any member who retired prior to October 1, 1975, and who chose either Option 2 or Option 3 may elect to receive a reduced allowance and to stipulate that the actuarial equivalent of the increase in his or her retirement allowance, which became effective on that date, be ascribed to his or her designated beneficiary; provided, that the member shall clearly express this intention by filing a written application to the effect with the Secretary-Treasurer of the Employees' Retirement System of Alabama prior to October 1, 1976.

(2) Any person who, prior to October 1, 1963, was in receipt of a benefit pursuant to Act No. 376, approved November 6, 1959, but was not a member of the system at the time of retirement shall not be entitled to receive an annual retirement allowance from the system, effective October 1, 1971, as follows:

b. If the person was retired after January 1, 1956, an amount equal to seventy-two dollars (\$72) multiplied by the number of years of his or her creditable service not in excess of 25 years.

(3) Prior to October 31, 1975, any beneficiary may elect to leave on deposit with the system all or a specified part of any increase in his or her monthly retirement allowance payments arising in accordance with subdivisions (1) or (2) of this subsection over the monthly allowance which he or she was receiving prior to October 1, 1975. The portion of each monthly payment left in the system in accordance with the election shall be credited, together with regular interest thereon, to the individual account of the beneficiary. Upon the death of the beneficiary the total amount standing to his or her credit, including regular interest to the date of death, shall be paid in a lump sum to his or her legal representatives or to such person as he or she shall have nominated by written designation duly acknowledged and filed with the Board of Control.
