Replace line 114 on page 5 with the following:
the date scheduled for the 2026 General Election.

(f) (1) The Secretary of State shall ensure that public notice of all election dates established pursuant to this section is provided in a manner reasonably calculated to inform affected voters, including publication on the Secretary of State's website and distribution to county election officials.

(2) Each county shall provide notice of any change in polling place location for an affected State Senate district. Notice shall be posted at the former polling place, the new polling place, and on the county's official website, if available, and shall be communicated to affected voters in a manner consistent with state and federal law.

(3) Notice required under this subsection shall be provided as soon as practicable following the establishment of the election calendar and any polling place changes.
