Summary Comparison of Planned Projects to Actual Projects Statewide Transportation Improvement Program

Fiscal Year 2022

Pursuant to the *Code of Alabama 1975*, Section 41-5A-12, a review of the original Alabama Department of Transportation's (ALDOT) Statewide Transportation Improvement Program (STIP) 2020-2023, with amendments through April 26, 2023, for projects that were scheduled to begin in fiscal year 2022 was conducted. Those projects were compared to the ones actually started during fiscal year 2022. For comparison, a project is considered to have started if there were any expenditures associated with the project. A request was made to ALDOT to provide certain information related to FY2022 projects. The information requested included a detailed listing of projects started in FY2022, along with the amount expended on each project. (See *“Exhibit 1 – Statewide Highway Plan”*, *“Exhibit 2 – Projects Originally Scheduled to Begin in Fiscal Year 2022”* and *“Exhibit 3 – Fiscal Year 2022 Projects Identified by Alabama Department of Transportation as Being Started in Fiscal Year 2022”* for more detailed information.)

Projects on STIP Not Identified by ALDOT as Being Started

110 projects were identified in 45 counties/areas that were included on the STIP and were originally scheduled to begin in fiscal year 2022. ALDOT did not identify these projects as being started in FY2022. However, ALDOT did provide responses as to why projects were not started during fiscal year 2022. The responses are summarized as follows:

- ◆ 80 responses of “For a project to be included on the list we submitted it had to be on the FY 2022 STIP, be authorized, and have a projected start in FY 2022. If a project did not meet all the requirements, it was not included on our list. In this instance, the project status is closed. Therefore, it was not included on the list we submitted.”
- ◆ 59 responses of “The project did not have any expenditures in FY 2022 because it was projected to start in FY 2023.”
- ◆ 21 responses of “RT projects are for ADECA. We include them on the STIP for federal funding purposes. However, we do not manage their projects.”
- ◆ 6 responses of “The project can't receive charges while in planning status.”
- ◆ 5 responses of “Project closed without any charges.”
- ◆ 11 miscellaneous responses.

(See *“Exhibit 4 – Projects on the Statewide Transportation Improvement Program that were Originally Scheduled to Begin in Fiscal Year 2022 but Not Identified by the Alabama Department of Transportation as Being Started”* for more detailed information.)

Projects Identified by ALDOT as Being Started in FY2022 But Have No Expenditures

112 projects were identified that ALDOT recognized as being started in FY2022 but did not have any associated expenditures during the fiscal year. ALDOT was contacted and requested to provide additional information as to why there were no expenditures for these projects. Responses were received for numerous projects; however, we did not receive a response for all projects. (See “*Exhibit 5 – Projects on the Statewide Transportation Improvement Program that were Originally Scheduled to Begin in Fiscal Year 2022 and Identified by the Alabama Department of Transportation as Being Started but did Not have Associated Expenditures*” for more detailed information.)

STIP		
County/Area	Project Reference Number	ALDOT Response
Baldwin	100063634	The notice-to-proceed with design was issued to the project sponsor on 7/22/2022. A reimbursement invoice was submitted in May 2023.
	100070858	This project was locally let with the project sponsor issuing a notice-to-proceed on 11/23/2022. The project is complete except for the traffic signal upgrade work which needs the ordered signal equipment to be delivered. Two reimbursement invoices were processed and submitted in March and April of 2023.
	100070869	The notice-to-proceed with design was issued to the project sponsor on 8/10/2022. 60% plans have been submitted for review. \$18,231 has been expended so far.

Blount	100074992	Project was authorized in 2022, survey work did not start until 2023.
Chilton	100074988	ROW was authorized, but funding was subsequently not needed. The funds will be used during the construction phase.
Colbert	100074470	The P,S & E plan review is scheduled for tomorrow. Afterwards, the Construction Bureau will review and the Office Engineer will prepare for letting. Most of the charges will be made in the next three months.
Etowah	100070054	The delay is due to the time needed for the City of Attalla to go through the consultant selection process. Scope meeting held on Jan 31, 2023 - 30% review held in May 2023 - CDG has submitted two invoices to Attalla for payment, but we need proof of payment from the City to process.
Franklin	100049912	The utility relocation work was delayed in 2022 due to environmental reasons (bats), so no work was performed.
Geneva	100071526	Project was funded and authorized 10/1/2021. The Southeast AL Regional Planning and Development Commission had to go through a selection process for the consultant. The work was started by the Consultant in June of 2022, and reimbursement was requested in February 2023. Spent \$289,914.91
Greene	100074555	\$361,785.13 charges. Charges started in December 2023.
Houston	100065697	Delayed due to seasonal limitation. Spent \$759,400.87
	100065704	Delayed due to seasonal limitation. Spent \$307,265.70
	100065705	Delayed due to seasonal limitation. Spent \$291,335.01
	100069710	Delayed due to seasonal limitation. Spent \$920,132.16 and \$66,779.63
Jackson	100073279	Project was let on 12/03/2021, but was not awarded. The second letting was on 5/27/2022. Work began on 10/3/2022 – 125 work days in contract – Contractor is 48% complete – Estimated completion date is 8/31/2023.
Jefferson	100073285	\$2,250,000 was charged 2/13/2023; \$342.87 was charged 3/8/2023
Lamar	100074505	\$35,994.56 charged. Charges started in October 2022.

Lauderdale	100059050	The work of moving utilities was done from May to August of 2022. The Gas company billed us for all of their work in February 2023, but the water company has not billed us yet. The Assistant County Engineer states he has requested their documentation several times.
Lee	100068460	This project has seven tracts to acquire. Four of the tracts have been donated by the respective property owners. The remaining three will require acquisition. The city has started the appraisal process for the remaining tracts. In total, seventeen tracts of property are affected by the project. As of today, fourteen of the tracts have been donated and required no expenditures of federal or city funds.
Madison	100067318	Madison County is working to acquire a few remaining tracts of right-of-way before letting the project.
	100074623	The City of Madison approved the consultant agreement for the PE work in mid-February. The consultant started work in May 2023.
Monroe	100075061	The project is in design phase pending final ROW determination. ROW acquisition expected to begin 9/2023.
Morgan	100069661	The ROW budget was authorized a little over a year ago. To widen this intersection, four tracts of ROW needed to be purchased by the City. They had difficulty tracking down and negotiating with the owners, who were located out of town. Everything is settled now and they are finalizing paperwork, so we should see charges soon.
	100070846	The ROW is held up due to legal issues. The County Engineer believes these issues will be cleared up in the next two months.
Shelby	100074467	Project tied to CMAQ-026(501) - under review to complete plans.
Statewide	100071553	The University of Alabama provided the consulting services last month. We are waiting on an invoice.
Tuscaloosa	100073360	Estimates were submitted to the Finance Bureau for payment on 5/12/23.
	100074220	Charges in December 2022 and March 2023
Winston	100074473	\$154,388.75 charged. Charges started in October 2022

LVOE - Safety		
County/Area	Project Reference Number	ALDOT Response
Baldwin	100069295	The notice-to-proceed was issued on 7/12/2022. The utility companies performing the work have not billed the project sponsor. Reimbursement invoices will be submitted by the project sponsor as soon as the utility companies are paid.
Cullman	100072711	The delay between authorization and the start of work was due to Cullman County forces being behind schedule due to weather and other project delays. They also waited until the project was complete to submit their documents and request reimbursement. Project is substantially complete. A reimbursement was sent to Finance on May 18, 2023.
Escambia	100073607	Invoices have been submitted for payment to the Rail Section in Montgomery.
Jackson	100073525	Still waiting for Norfolk Southern to upgrade the active warning devices. They were issued a notice-to-proceed in June 2022 by Office Engineer and haven't shown up yet. After Norfolk performs their upgrades, state forces will upgrade the passive warning devices (signs/markings).
Jefferson	100070161	Charges were made in FY 2023.
Lamar	100073269	Invoices PB-2, PB-3, PB-4 sent to rail section 05/26/2023.
	100073270	\$67,502.84 charged. Charges began June 2023.
Lee	100069306	This project has five tracts to acquire. Four of these tracts have been donated by the respective property owners. The other tract will require acquisition. The city has started the appraisal process.
	100073509	Also, the project has ten construction easements that had to be resolved. CSX did the work in December 2022 and requested reimbursement in January 2023. Spent \$25,990.52

NOTES:

Original estimated amount reflects the amount the project or Level of Effort (LVOE) project groups were estimated to cost when they were added to the State Transportation Improvement Plan.

Level of Effort is a term used to describe grouped projects in the TIPs and STIP that are not of scale to be identified individually. The LVOE project lists are constantly changing based on available funding, need, and construction readiness. Some projects like the TAP projects are grant based, and it is sometimes impossible to predict when a recipient will be ready to begin a project.

Since the LVOE projects are not identified individually on the STIP, the original estimated amount is tracked as a group total and not by project.
