SYNOPSIS:

This bill would prohibit a governmental entity from restricting a person or other entity from acquiring or using an appliance based solely on the type of energy or energy generation used to operate the appliance.

A BILL
TO BE ENTITLED
AN ACT

Relating to appliances; to prohibit a governmental entity from taking certain actions to restrict the acquisition or use of an appliance solely based on the type of energy or energy generation used to operate the appliance.

BE IT ENACTED BY THE LEGISLATURE OF ALABAMA:

Section 1. (a) For the purposes of this section, the term "appliance" means an item used in the home for the performance of domestic chores or tasks, or used in a commercial or industrial setting for the performance of similar tasks, including, but not limited to, cooking, food storage, heating, cooling, washing, or drying, and the term "governmental entity" shall have the same meaning provided in Section 41-1-41, Code of Alabama 1975.

SB50 INTRODUCED

29 (b) A governmental entity may not enact or enforce any
30 resolution, ordinance, regulation, rule, code, program, or
31 policy, or take any other action that restricts or prohibits,
32 or has the effect of restricting or prohibiting, any person or
33 other entity from acquiring or using any appliance solely
34 based on the type of energy or energy generation used to
35 operate the appliance.

36 (c) Nothing in this section shall be construed to limit
37 a governmental entity's authority to do any of the following:

38 (1) Regulate any entity providing energy or energy
39 generation.

40 (2) Prohibit the use of any household appliance for an
41 illegal purpose.

42 (3) Take actions to ensure that the usage of a
43 household appliance complies with the manufacturer's
44 recommendations.

45 (4) Exercise existing authority to review or approve
46 applications for building permits or to otherwise enforce
47 building, fire, or other public safety codes or other
48 regulations.

49 Section 2. This act shall become effective on October
50 1, 2024.
